Following the success of "The Domesticated Tour", Micah is performing "THE RULES OF ROMANCE" in a series of solo shows celebrating the joys of falling in love and the complications of relationships. "Micah Barnes used to be in The Nylons, so you know he can sing. It turns out he can also write brilliant blue-eyed soul, centered around his piano and of course, the voice. He's had a long recording, performing career, and has become known by insiders as one of the great talents in the country. His six-track EP Domesticated, is joyful and polished. It's ear candy, Top 40 for sure, but the kind even the most cynical punk or shoe-gazing indie fan can acknowledge as expert-league" Bob Mersereau CBC Radio	\$12
